

# ***BORDER LINE***

Dear Parent,

One of our goals of Kaepa Borderline is to get our players as much college exposure as possible. One of the tools we are using this year is the Internet. As you may know, the Internet is a network of millions of computers from around the world. We would like permission to place a picture of your daughter on the Kaepa Borderline web site. This may include team photo, action shots, etc. The only information that will accompany your child's photo is her name, team, and any information about the photo.

**WE WILL NOT GIVE YOUR ADDRESS, PHONE NUMBER, OR ANY OTHER PERSONAL INFORMATION.**

If a coach does want to contact the parents of a player, they will have to go through Kaepa Borderline first. Negative publicity with children and the Internet usually involve "chat rooms". We are not offering any "chat rooms" on our site.

Some of our players and their families have their own web sites. For them we will offer a link from our web site to theirs. We invite you to visit our web site at:

[www.borderlinevbc.org](http://www.borderlinevbc.org)

Thank you,  
Bill Zehler
